AMENDMENT B

Box NON-FEE AMENDMENT  
Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In response to the Office Action dated May 4, 2000, Applicants submit the following:

AMENDMENT B

In the Claims:

Claim 1 (amended) An ink jet print cartridge structure [comprising] comprising a substrate holder for mounting thereon one or more semiconductor substrates [mounted on a substrate holder], the substrate holder having a top surface having a perimeter and containing one or more substrate locator wells, each well having a plurality of well walls and a well base, each well base including at least one ink feed slot therein, the holder also containing side walls attached to the top surface along the perimeter thereof, wherein one or more of the side walls contain fins for convectively removing heat from the substrate [carrier] holder.

wherein the fins and the side wall  
are of a unitary construction
